

Self-Disclosure of a Health Condition

REGISTER!

October 13th or November 4th

Many clients in prevention and care settings would like to disclose their status regarding HIV/STI or other health conditions. Our blended learning course is designed to assist prevention and care providers in supporting their patients to self-disclose to their sexual and/or substance using partners.

See below to access the Online and the Skills-based Courses.

Wednesday October 13TH
10AM-12PM PST

Practice the 4-step model of disclosure
and support your clients in
self-disclosure

Register here:
